Precision Products

 **ALL SEALS**
THE SEALING SPECIALISTS

Never yield to pressure.

Sometimes the job demands precision machined parts above and beyond the normal realm – custom precision designs, exceptional materials and rare specialty parts that are few and far between. All Seals' Precision Products are a class unto themselves. They're ideal for OEM applications where normal industry standards don't fit the requirements. We can meet your most demanding specifications and tolerances with custom engineering design and manufacturing. We also have a world-wide network that can access the most difficult to find products.

For more information, quick quotations, expert consultation and responsive customer service call us at 800.553.5054, or visit our website at www.allsealsinc.com

ADVANTAGES

- CNC lathes and mills
- Swiss type turning equipment
- Plastic injection molding
- Precision glass manufacturing
 - Grinding: OD with tight tolerances
 - Cutting: Regular shapes
Irregular shapes
 - Drilling: Through holes
Stepped holes
Shaped holes
Opposed face holes
- High precision stamping and forming
 - Sheet or coil metal stamping
 - Deep drawn stamping
 - Progressive stamping
- Multifunctional assembly line for subassembly or finished products
- Quality
 - ISO9001
 - ISO/TS 16949

PRODUCTS

- Stampings
- Plastic injection molding
- Plain bearings
- Machined plastic
- High performance plastic
- Tight tolerance seals and bearings
- Tight tolerance machining
- Glass lenses

SERVICES

- Quick quotations
